Sorry everyone, the trouble with attaching a Word file is the text gets lost. For #2, we'd proposed a couple of Regional partners.

An addition in PURPLE. Rusty, please see if this overlaps too much with your proposed Duluth presentation or if they would complement each other.

Subject: INPUT REQUESTED: NAS Futures Nov 17 Partners/Collaborators meeting

Hello EC members,

I'm following up on the NAS Futures update at the EC meeting on Tuesday and requesting your input on the Nov 17 NAS committee meeting focused on partnerships and collaborations.

I am looking for your feedback on two things by October 6:

- Are you ok with the proposed agenda components described below for the Nov 17 meeting? Or do you have alternative ideas on ways to frame the meeting?
- I am looking to you all to help identify specific people you would recommend for #1 and #2 below. Especially for #2, it is incredibly important that we get the right individuals from our partners who understand the visionary context and speak to that (as opposed to just saying their needs for the next 5 years...). We want people who can look forward. You may also recommend other types of partners – industry, other federal agency, etc., if you think appropriate.

As a reminder, below is what we have currently proposed for the Nov 17 agenda so far:

Ex. 5 Deliberative Process (DP)

Please reach out if you have any questions or would like to discuss.

Thank you!
Emily
